Chapekhar Engg starts new plant

CHAPHEKAR Engineering started a new plant for load body painting. The plant was inaugurated by Satish Borwankar, Executive Director, Quality Tata Motors. Ashok Chaphekar, chairman, Chaphekar Engineering said, "This project is part of our technical up-gradation to ensure excellent quality and perfection of goods. This plant is 100 per cent environment friendly. We will recycle the waste water and reuse for the same. We will later establish a water harvesting system in our plant to fulfil the need of water."
